EXPERIENCE

Green SM (Vingroup)

Now

R&D · Agentic Ops Platforms

- Lead the R&D team building agentic ops platforms. Title and dates on request. Internals stay confidential.

Colonial Surety

Prior

Product Management Engineer · B2B fintech, insurance, payments

- Owned controls on the agent-operated PM workflow: transcripts graded for traceability, specs linked to source, no diff without sign-off.
- Ran emergency PCI gateway cutover (Transax → CardPointe) across three production platforms.
- Designed seven insurance products in one flow: knockout rules, unified claims, edit policy matrix, partial-failure cases.
- Scoped B2B SSO into a structured BRD: two user types, adaptive registration, cross-partner sessions.

Hookie JSC

2023 – 2025

Product Owner · Web3, fintech · forward-deployed client services

- Defined requirements for Keeta (US payments network targeting 400 ms): use cases, data flows, acceptance criteria.
- Built Sire.bot with 137% cumulative return in a two-month backtest; scored predictions against ground truth before release.
- Forward-deployed discovery for US and international clients from Vietnam: BRDs, SRS, acceptance criteria before handoff.

Olmo Technology

2022 – 2023

Product Owner · social e-commerce

- +30% bookings after reworking mobile booking and bank-transfer flow.
- Shipped livestream commerce end to end: chat, marketplace, community feed, gifting.

4/10 Fire Protection Trading Service

2019 – 2022

Front-end Developer → BA / Associate PM · ERP

- Built ERP modules from code to rollout; owned resource-management and quality-control paths.

PUBLIC SYSTEMS

Gelato
